What is GMAP?

- Online system for submitting, reviewing, approving and archiving grant applications
- All districts will submit their Perkins, Title I, Title II, and Title III grant applications in GMAP beginning with the 2016-17 funding year
- Other grants to be added in future years
- Provided by KDE to districts at no charge

How does GMAP help districts?

- ▶ Combines different grant application processes into a single system
- ▶ Enables collaboration among programs to better maximize grant dollars
- ▶ Provides a more efficient grant application review and approval process

Activity to date

- ▶ Team of KDE and district personnel selected HMB's eGrants product
 - ▶ since 2002, used by 11 state education agencies
- ▶ Configured to Kentucky requirements
- ▶ Pilot conducted with 11 districts
- ▶ Feedback used to refine configurations

Pilot Districts

- Carter County
- Christian County
- Covington Independent
- Daviess County
- Fleming County
- Jefferson County
- Lee County
- Pike County
- Pulaski County
- Warren County
- Woodford County

GMAP Features

1. Manage and archive applications for any number of grants
2. Consistency of grant application process
3. Single version of a working grant application
4. Validations prevent errors of omission or calculation
5. Communicate from within the application
6. Logs all application changes

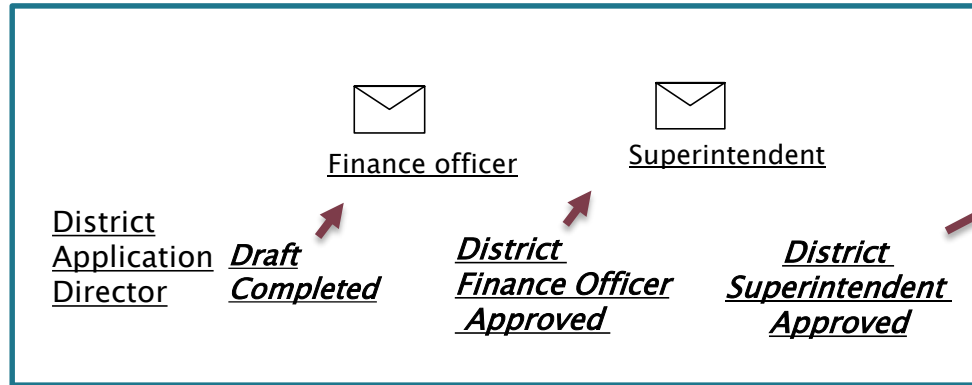

Process Changes

- ▶ Title I, Title II, and Title III (EL and Immigrant) combined in a Consolidated Application for review and approval. (Funds stay separate.)
- ▶ District Finance Officers and Superintendents (or designees) must approve applications every time they are sent to KDE.
- ▶ District funding assurances and federal cash request assurances (previously in ASSIST) will be submitted in GMAP as well as the funding assurances statement submitted by email.
- ▶ Funds will not be released without an approved application.
